

# License Agreement

By purchasing the license to use music composed by Vedran Kapetinic and published by Sound Response (hereafter “licensed music”) you expressly agree and accept the terms, conditions and limitations of use contained in this License Agreement. Please make sure to read the following License Agreement carefully. Sound Response reserves the rights not expressly granted herein.

## RIGHTS GRANTED

The license that you have purchased is a royalty-free, non-exclusive, non-transferable license to use the licensed music synchronized with other sounds or visual images in film, video game, trailer, radio, advertising & commercials, tv programs, websites, web videos, podcasts, synchronized content for apps, broadcast, and other similar commercial or non-commercial multimedia presentations and productions (hereafter “production”).

You can modify and adapt licensed music for your production. You can release, duplicate and reproduce your production provided that the licensed music is synchronized (combined) with other sounds or visual images as a part of the production. This does not include the right to resell licensed music, in whole or in part, as a standalone product, or to include licensed music in any music release (see ‘limitations’ for more details).

## LIMITATIONS

Unauthorized distribution of licensed music, in whole or in part, including, but not limited to, reselling, relicensing, trading, lending, sharing, uploading or downloading to or from any server or database, or copying, is prohibited.

It is prohibited to claim ownership or authorship of licensed music in whole or in part.

It is prohibited to include licensed music, in whole or in part, in any music album, compilation, record, CD, jukebox, and other music releases.

It is prohibited to use licensed music, in whole or in part, for training and developing any Artificial Intelligence (AI) programs, algorithms, models, etc. This also applies to any Machine Learning or Neural Networks algorithms and models.

## WARRANTY

Sound Response warrants that none of its products and releases infringes the copyright or other intellectual property rights of any third party, and that it has full authority and right to license the licensed music.

## LIABILITY

Sound Response will not be held responsible if, by any chance, you do not find licensed music suitable for particular production. Licensed music is licensed “as is” without warranties of any kind. Sound Response will not be held responsible for any loss of business profit or any other special, consequential or incidental loss or damage resulting directly or indirectly from the use of licensed music.

## **REFUND POLICY**

Sound Response products are sold as digital downloads only and once they have been downloaded it is not possible to return them. Therefore we do not offer refunds. We may decide to do so at our own discretion but please keep in mind that once downloaded, they can't be returned. For more information please refer to the Refund Policy on our website.

If you have any questions please contact us at: [info@soundresponse.net](mailto:info@soundresponse.net)

## **FRIENDLY NOTE REGARDING USAGE OF LICENSED MUSIC IN YOUTUBE VIDEOS**

If, by any chance, you plan to include licensed music, in whole or in part, in a Youtube video then please do not enable the Youtube Content ID feature because Youtube algorithm may falsely claim the original release. By enabling the Youtube Content ID feature you're basically telling Youtube that you are the copyright owner (licensor) of the licensed music, not the licensee (the party that receives the license), and then Youtube's Content ID will automatically search for the matching content and wrongly send a copyright claim.
